

# TECHNICAL REQUIREMENTS

Following are the minimum technical requirements for the WIN Career Readiness System. Please verify and test all requirements before use. **For assistance, contact the WIN Help Desk at support@winlearning.com or 888.717.9461 Option 3.**

## Desktop & Laptop | Browser and Operating System

	PC Windows XP or higher	Apple Mac OS 10.5 or higher
Internet Explorer	9 or higher	—
Chrome	Current Version	Current Version
Firefox	Current Version	Current Version
Safari	—	Current Version

## Tablet | Browser and Operating System

	Minimum Requirement
Apple iPad	iOS 6.0 or higher
Android Tablets	4.0 or higher
Microsoft Surface RT	RT Windows 8 with Internet Explorer 10
Kindle Fire	HD / HDX

## White List: Content Filtering | Caching | Proxying | Packet Shaping

- Network content/web filtering, caching, proxying and packet shaping must be bypassed for the following domains for both http and https. If caching or proxying webpages by default, these domains must be added to your non-cache/non-proxy lists:  
 \*.wincrsystem.com/\*  
 \*.wincshost.com/\*  
 \*.winlearning.com/\*  
 \*.vimeo.com/\* and \*.vimeocdn.com/\*
- If using the WIN myStrategic Compass, the following domains must also be bypassed for both http and https:  
 \*.kuder.com/\*  
 \*.headed2.com/\* and \*.strategiccompass.com/\*
- Domain names, not IP addresses, must be used to bypass network content filtering, caching, proxying and packet shaping because IP address may change. Use the correct syntax for wildcard exceptions for your specific network appliances.
- Network content/web filtering, caching, proxying and packet shaping must be bypassed for standard web content types including HTML, Flash movies (SWF), JavaScript, PDF, PHP, GIF, JPEG, PNG, MP3 and FLV.

\* = wildcard exceptions

## Internet Bandwidth

Minimum Constant Connection / Concurrent User	
Career Readiness Courseware	256 Kbps
College Readiness   CRC+	256 Kbps
Soft Skills	1.0 Mbps
myStrategic Compass	256 Kbps
Strategic Compass	256 Kbps

## Hardware

Processor   PC Windows	Intel Processor or compatible
Processor   Apple Mac	Intel Processor   PowerPC not supported
RAM	2 GB
Video Resolution	1024 x 768 required, 1280 x 1024 recommended
Audio	Sound card & speakers/headphones required
Mouse   Stylus	Required for PC   Recommended for Tablet

## Quality of Service

Quality of Service (QoS) is **strongly recommended and must be configured** to ensure the minimum bandwidth listed above for **each** expected concurrent user.

## Software

- Adobe Acrobat Reader 9 or higher
- Flash Player 9 or higher
- JavaScript must be enabled

## Additional Requirements

- WIN Learning tools are not recommended for use on Thin Client or mobile devices.
- WIN Learning does not endorse or support third party hardware, software or applications.
