I did it for a better job.
I did it for my son.
I did it for a better future.

I earned my GED®.

Donna Whitworth, like other family members, dropped out of school. She broke the cycle, however, when she earned her GED credential. She went on to pass the Kentucky Paraeducator Assessment, which enabled her to apply for a job at the adult education center where she earned her GED. She is now the administrative assistant there, where she offers support to students and staff.
