“Unpacking charts” available

At a recent Program Directors Orientation for KYAE’s 2012-13 Unit 2 Standards PD, it was suggested that KYAE make available for reference the unpacking charts from last year’s learning communities. In response, KYAE is making the ELA standards charts submitted by 2011-12 learning communities available to programs that request them.

We appreciate your recognition of the charts’ value as you continue the process of unpacking additional standards, as well as the need to reference unpacked standards as you design units and plan lessons in Unit 2. It is our hope that you will use the work of other teams as a starting point for discussion around how your program might have ‘unpacked’ the same standard. Be advised that the charts are designated by teams and learning communities rather than particular ELA strands or grade levels.

If your program would like an electronic copy of the unpacking charts from any of the 2011-12 KYAE Learning Communities, e-mail your request, including the number designation of the requested learning community, to Gayle Box at gayle.box@ky.gov. The requested charts will be sent as attachments.
