

Kentucky Virtual e-Learning Portal

Kentucky Virtual e-Learning Portal is KYAE's online course management system. Using this system allows you to access online courses and important institute information such as the syllabus, course instructions, submit pre- and post-work assignments, resources and participate in discussions.

How to get to courses in the Kentucky Virtual e-Learning Portal

After you have registered for a course, you will receive an e-mail from the facilitator of that course with instructions on how to complete the online pre-work and pre-test. You will also get an e-mail from KYVC indicating that a Kentucky Virtual e-Learning Portal account has been created for you. The e-mail will also contain your username and password so you can begin taking your online courses.

When you are ready to take your course, please go to the following Web site: <http://kyvae.ky.gov>. If you are a new user, you will be prompted to change your password the first time you log into the system. After you successfully login, your course(s) will show up on the left-hand side of that page under "My Courses". To get started, click the name of the course. You may also update your personal information by clicking "Update Personal Information" under the "My Information" area.

If you cannot login to the system or have forgotten your username/password, please contact the KYVC help desk online at https://help.kyvc.org/cgi-bin/kyvu.cfg/php/enduser/std_alp.php or call toll-free at 1-877-740-4357.
