GED® test scheduling for those with Ready test scores 145-149

GED® test scheduling can now be enabled for students with Ready™ test scores 145 – 149.

When you submit the voucher requests (student name, date of birth, county program, and content area module) to GED@KY.gov and receive the voucher, you should then be able to schedule your students to test.

If you have already received vouchers for any of these students, please send the names, dates of birth, and content areas to GED@Ky.gov to enable the scheduling.

If you have questions, please contact Rae Smith at rae.smith@ky.gov or (502) 573-5114, ext. 120.
