

June 1, 2017

The following information was sent to the listserv.

PLEASE REVIEW: Latest information about NCRC

LATEST INFORMATION ABOUT NCRC 2.0

1. ACT, Inc. is beginning their transition on June 1, 2017.
2. KYNCRC Program will need to make technology changes to accommodate the new assessments. We received the technical specs of the new data files, just this morning.
3. Everyone is to continue to use the old assessments until they receive direction from their program directors.
4. If you are using P/P assessments, those must be at the ACT Scoring Center by August 18.
5. The partnership anticipates that we will have all of our fixes to the KYNCRC database complete and tested by September 1. We will transition the entire state on that day.
6. Starting on August 1, ACT anticipates having the P/P assessments available with retests also available.

This is all the information we have, as of today.
