

January 16, 2017

The following was sent to the KYAE listserv.

The new KYAE website and you <http://kyae.ky.gov/>!

As you will see when you select <http://kyae.ky.gov/>, you will be seeing a whole new redesigned website. KYAE has been developing this new site for about a year. I hope you find the new look and feel easy to navigate and use.

As with any change, comes with some problems. I know there will be broken links. Moving from the Kentucky.gov platform to any new platform would have caused it.

If you have problems finding a document that you used to reference, just let me know. I'll be happy to help you find it on the website, post it (if it's not on the website), get a copy of it from the old website, if no one has the original.

Also, if the website looks strange in Internet Explorer browser, it is possible you have an older version of the browser. Please update to a newer version and it will work properly. Mozilla Firefox and Google Chrome work really well with the new webpage.

If you have any questions, please let me know and I'll be glad to help!

Enjoy the new website!
