## **IMPORTANT: Intro to PLC Course Begins TODAY**

### **Important Announcement: Introduction to Professional Learning Communities (PLC) Course Begins Today - 11/13/18**

For staff who were unable to attend their local PLC roll-out event, we are pleased that Susan Pittman has developed and is delivering a 4-week, 6-hour course that is designed to replicate the content covered in the face-to-face trainings. As we shared at the roll-outs, it was decided to offer the course prior to the original January start date so that all staff are ready to begin local PLC work in 2019.

Apologies for the late notice regarding the date change.

Due to technical issues, we are not able to update the handbook at this time. **However, the link for KYSU379 JAN course ([on page 17 of the handbook](#)) will work to register for the course that starts today.**

The course is asynchronous so once registered, folks will have 1 week to complete the first module.

***Susan Pittman, course developer and instructor***
